Koloa Elementary School

West

Waimea Canyon Middle School 🐾

Waimea High School 🐾

Know your Shelter

Hurricane Evacuation/General Population Shelters are facilities that provide increased protection from high winds to the public. Evacuees should not expect personal care attendants or caregivers to be available at mass care shelters. Only general assistance and accommodations will be provided.

Pet Friendly Shelters are co-located with some general population shelters.

Household pets entering a pet friendly shelter must be caged for safety and owners must provide water and food for their pets.
